

The functioning of the Stock-Exchange is connected intimately with the progress of the modern technique, with the whole system of production and economy.

This economy is directed by private enterprise,--which needs capital more capital,--and capital again!

In order to procure it,--a place is needed where the stocks of ~~of~~ ~~private~~ may be offered and bought: The Stock Exchange.

Handwritten notes: "D. 2000/10", "O. 2000/10", "m", "25", and a large scribble.

The functioning of the Exchange is connected intimately with the stream of life and development which flows through the whole system of our economy. The Stock Exchange is a part of our economic system, ~~is~~ ~~along~~ ~~together~~.

Handwritten note: "is a part of our economic system"

Handwritten notes: "last week", a large arrow pointing down, and "end. 6."

Handwritten circled number "1"
